

## HAPPENINGS OF A DAY IN UTAH.

## OGDEN

TRIBUNE BRANCH OFFICE,  
146 Washington Ave., Telephone 111M'FARLAND'S VICTIM  
WILL PROBABLY RECOVER

OGDEN, June 5.—The condition of Amasa Hammon, who was stabbed by Dan McFarland Saturday, is about the same, but a later examination of the boy's wound revealed the fact that the intestines had not been lacerated and he will probably recover.

Two members of the Park City baseball team, McLaughlin and Ryan, were slightly injured in a wreck near Echo today. The train broke in two and as the engine clapped on the air the ball tossers were fired in a promiscuous heap in one end of the car. This delayed the train for about an hour and at Utah another stop was caused by a man attempting to jump on the train, who missed his footing and stepped in front of a wheel, which clipped off a couple of his toes.

Bishop Tuttle occupied the pulpit at the Episcopal church tonight, taking for his text "And the hands of Moses were upheld until the day was done." Work and power were the keynote of the address.

The Woodmen of the World held their regular memorial exercises today and unveiled monuments to the memory of W. C. Channell at Mountain View cemetery.

The Otto Floto dog and pony show arrived in the city today and pitched tents on the City Hall square. The show is more than double in size to what it was a year ago, carrying fourteen cars. They will give two exhibitions tomorrow afternoon and evening.

SPRINGVILLE SECRET  
SOCIETIES ELECT OFFICERS

Special to The Tribune.  
SPRINGVILLE, Utah, June 5.—Lodge No. 44 of I. O. O. F. held its semi-annual election of officers at its meeting Friday evening and elected the following officers: N. G. Williams, A. Warren; V. G. Nelson, Rockwell, secretary; T. A. Phillips, treasurer; A. O. Packard.

Springville Tent No. 3 of the K. O. T. M. held its annual election of officers at its review and elected the following officers: commander, T. A. Phillips; lieutenant-commander, N. L. Packard; R. K. E. N. Jordan; F. K. Kelly; chaplain, James R. Dowdell; master-at-arms, T. E. Diamond; sergeant, A. H. Watson; first master-at-arms, J. W. Fane; second master-at-arms, S. D. Chase; sentinel, D. D. Diamond; picket, Levi Thorpe.

A wedding reception was given at the home of Mr. and Mrs. F. C. Boyer last night in honor of the marriage of their son Marco and Miss Effie Ewing, who were married in Provo Thursday.

## State Delegates Selected.

Special to The Tribune.  
LEHI, June 5.—Democrats met in the City hall last evening and elected Abie John Evans, John L. Snow, Mrs. Amelia Jeff, Edward Southwick and George N. Child as delegates and Mrs. A. J. Evans, George Glouner, W. S. Evans, Eli Kendall and Joseph Anderson as alternates to the State Democratic convention. The delegates go uninstructed and the only other feature of interest was the election of W. L. Evans, who for the past several years has been the real head of the socialist movement in this city and who was the party's nominee for Mayor of Lehi. The socialist movement, which at one time threatened to get a good foothold in Lehi, is practically dead.

FORTY CAMPS ON  
SAN PEDRO SURVEY

It will not be very long before another grading contract will be let by the San Pedro, as the Utah Construction company is very nearly through with its second contract between mileposts 85 and 124, which takes the line to the Vegas. It is hardly likely that any other company will get the remaining contract, as the Utah concern has the matter well in hand and is ready to continue the work much more quickly than another company could do it. The Utah Construction company has a half dozen camps of its own scattered along the route and, in addition to its own forces, various camps have been established by sub-contractors, such as the Thompson Construction company, Pat Gibbons, Mahoney Bros., Harwood, Sumption Bros., Bird and Hunt Bros.

Altogether there are close to twenty big camps along the line this side of the Vegas and probably as many more northeast of Daggett.

Through Sleepers to St. Louis.  
Through sleeping-car service will be established on the Union Pacific and the Washburn line, from Council Bluffs to St. Louis tomorrow, June 7. Under this new schedule morning trains from Salt Lake will reach St. Louis twelve hours earlier than on any other line.

Washingtonian Excursion.  
Many people took advantage of the excursion to Ogden given yesterday by the Order of Washington. The train left Salt Lake at 10 o'clock a. m. and returned at 10 o'clock in the evening.

See F. E. Schefski to arrange excursion to Castilla. 57 State st. Phone 706.

Plucky Fight With Mad Bull.  
NEW YORK, June 5.—An infuriated bull gored Stephen Haines, on a farm near Morrisown, N. J. Mrs. Haines grabbed a pitchfork as Haines fell and plunged it into the animal's ribs many times. She then used the handle as a club. A fortunate blow on the tip of the nose so pained the bull that it turned and ran. Haines was badly injured.

SECRET SOCIAL CLUB  
MYSTIFIES THE MEN

Special to The Tribune.  
MODENA, Utah, June 5.—A literary and social club has been recently organized by the ladies of Modena. The name of the club can not be ascertained at present, as the organization is a secret one. How long the ban of secrecy will obtain is an open question among the gentlemen of the town, but it is believed that the meaning of the mysterious letters, M. S. T. P., which will be inscribed upon the club's badge, will in some way leak out. The object of the organization is to have a good social time for several hours every Thursday afternoon. After the secret work is dispatched, the ladies, who carry their sewing to the meetings, employ an hour in this useful occupation, while one of the members, who has been appointed as a previous meeting, reads from some standard author. A short programme, either literary or musical, is then rendered. It is the purpose of the club to devote the proceeds from initiations and monthly dues to the purchase of the best and latest books and establish a circulating library. A special programme is contemplated for a Fourth of July celebration. Mrs. B. J. Lund is president. Mrs. Joseph Lund, vice-president, and Miss Effie Lund, secretary and treasurer.

Mrs. Sarah McCall returned yesterday from Salt Lake City, where she had been visiting for several weeks with her daughter, Mrs. Sadie Hayes.

E. J. Freudenthal and wife returned from Milford yesterday and departed for their home at Ploche, Nev. Mr. Freudenthal accompanied Prof. Maynard in his examination of the Monarch company's holdings and the properties of the Mastic company.

Speaking of the newspaper reports concerning the liquidation of the Majestic company's indebtedness, he said there was no hot air about it this time and that the anticipated settlement would surely be made.

Mr. Freudenthal expects to remain at Ploche for some time now and devote himself to the interests of the Manhattan company.

For some time past rumors have reached Modena that a survey party was at work between Modena and Cedar City. These rumors were considered as unfounded as it was known that the San Pedro had no engineers in this portion of the field. It is now reported that survey stakes for a new line have been set within thirteen miles easterly from Modena, which are now believed to be a part of a survey made by the Denver & Rio Grande Railroad company, which, it is said, is now running its Marysville extension toward Cedar City as rapidly as possible. It is thought that the presence of the survey stakes signifies that the Rio Grande will push on towards the Pacific coast or for a connection with the Santa Fe at some point south.

C. D. Moore, assistant division engineer of the San Pedro, is here with an engineering corps rectifying former surveys and running lines for a cut-off by which a two-mile grade east of Modena is likely to be eliminated and the main line made to conform with the survey now being made.

## PARK CITY

TRIBUNE BUREAU.  
424 N. Main Street. Telephone 73.LOOKING INTO RECENT  
VALUABLE ORE FINDS

Special to The Tribune.

PARK CITY, June 5.—Manager W. West and Secretary N. B. Dresser of the Park City Co-operative Mining and Development company, left this morning for Henefer to make an inspection of that company's mining property at that place. Recent development has uncovered some very fine looking ore and it is now proposed by the company to add more men to the present working force and push the work as rapidly as possible. The claim at Henefer has been worked since the first of the year under the most encouraging showings, but late uncoverings have been of such character that the men in charge will add men and make every effort to follow up the ore, which they firmly believe will widen and grow richer as work progresses.

Following were the ore shipments for the past week:

Gardner	58,000
K. K.	45,000
Ontario	25,000
Day	175,000
Silver King	1,92,100
Total	4,62,100

The funeral of Mary Bloomgreen, who died of pneumonia Friday evening, will be held from the Catholic church tomorrow afternoon.

Cliff Mayne, who was to occupy the box for the Park team in Ogden today, was forced to remain home by a painful accident which he suffered yesterday afternoon. Mayne is an employee of the W. D. and B. Institute of this city. While at his work yesterday afternoon in the hardware department he jumped from a ladder onto the sharp end of a pick. His right foot was pierced by the sharp point and quite a deep wound made. Although Mayne is around today, his injury will keep him out of the game for a time.

The Woman's Athenaeum meets in a regular session tomorrow with Mrs. A. R. Wester. The annual election of officers will take place.

Rev. Dr. Kingsbury of Salt Lake spoke at the Congregational church this morning. Mrs. C. F. Gist sang a very pretty solo at the service.

NOT INSANE, BUT  
HE IS LOVESICK

Special to The Tribune.

RICHFIELD, June 5.—The case that has attracted the greatest interest of any at the most recent session of Judge Childers' court in Richfield was the investigation into the sanity of William Nelson. The accused is a young man and has been acting peculiarly lately. Last year he went on a mission for the Mormon church. Soon after reaching his field he became enamored of a girl convert and made himself so conspicuous that he was sent home. Since his return the young man attempted to pay his attentions to a clerk in one of the big stores of Richfield. He followed her wherever she went and pressed his suit so persistently that she became afraid of him.

Mayor James Christensen, her sister's husband, has been escorting the young lady home from the store for several days to guard her against Nelson's intrusions. Ora H. K. Noll and George Herbert examined Nelson and pronounced his case a simple one of lovesickness. The accused was discharged.

Lawyer Wills His  
Cook to His Son

Because of Her Recognized Efficiency,  
He Chose That She Remain  
in Family.

KINGSTON, N. Y., June 5.—Unique in will-making is the case of John E. Van Elten, lawyer and poet, who recently died. He was boastful of the skill of one of his cooks, and his will contains the following paragraphs:

"If my good, efficient and faithful servant and housekeeper, Marie Brumund, shall be unable from the money she shall have in the Ulster County Savings Institution and from her earnings to properly support and maintain herself in her station during her natural life, then I hereby charge my said estate with the payment to her from time to time of such additional sums of money hereby bequeathed to her as may be necessary in her station to properly support and maintain her in her station during her natural life, and at her death I order that she be buried by my side.

"She is so efficient and such a good cook that I have no doubt my son would be glad to keep her in his family."

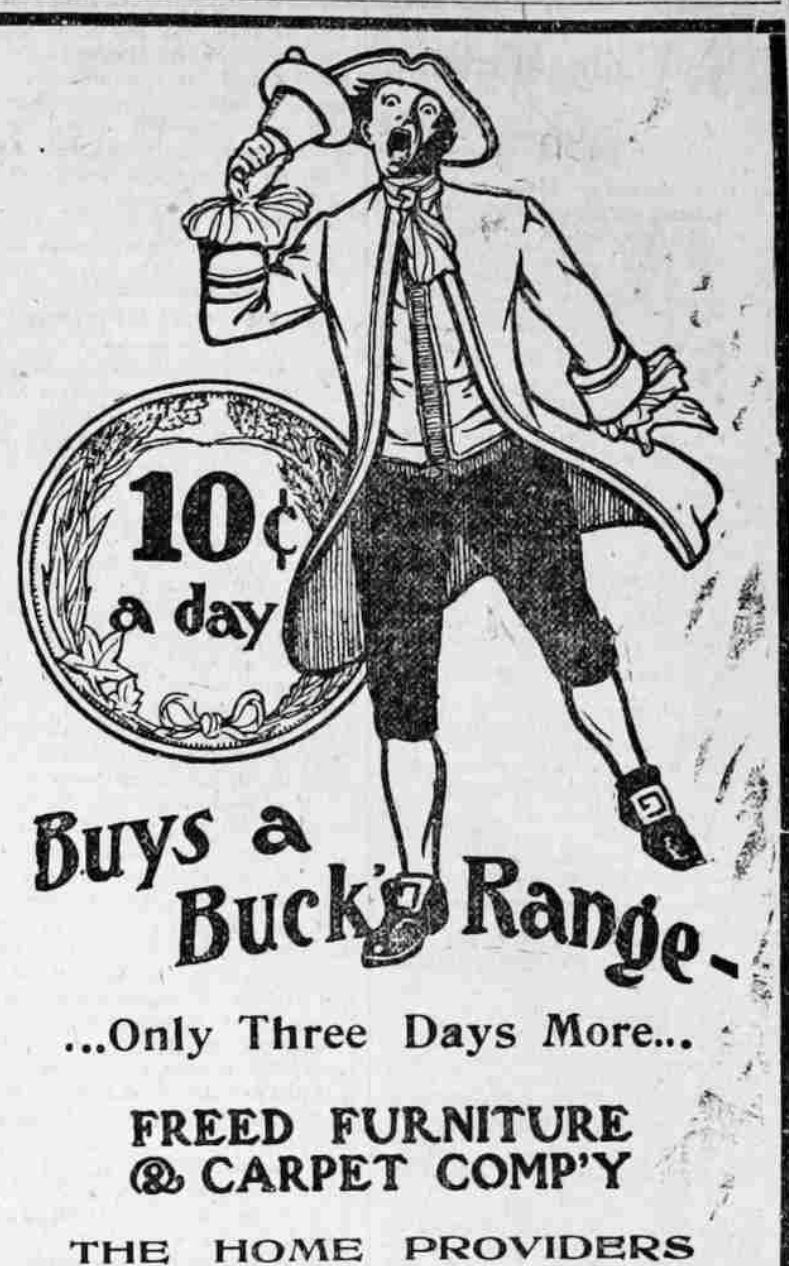

Washington Girl  
Killed Caesar

New York Police Believe Turf Man  
Was Murdered by Prominent  
Woman.

WASHINGTON, June 5.—It was ascertained tonight that Mrs. Nan Patterson, who has been arrested by the police of New York City in connection with the fatal shooting of "Caesar" Young, the turfman, is a Washington girl. Her father, John B. Patterson is well known in real estate circles of this city. It was stated tonight that Mr. Patterson was in New York looking after his daughter's interests. Members of the family remaining in the city today positively refused to discuss the subject of the Young shooting.

Another Small Battle Reported.

LONDON, June 5.—The Daily Telegraph's Tien Tsh correspondent wires: "Four thousand Russians belonging to Gen. Stakelberg's brigade on May 31 attacked 1500 Japanese occupying a position five miles south of Wafangtien. The Russians were repulsed, losing 200 killed and 400 wounded. The Japanese lost more than 100 killed."
